

PARTICIPATION INFORMATION

Students will be participating in one of the following performances at the Awards Saturday May 11, 2019:

Opening and closing numbers will be performed by two (2) school representatives selected by individual nominations*. If the school did not receive an individual nomination, the representatives will be chosen by the teacher.

**Individual nominees are those students that are nominated in any of the following award categories: Best Actress, Best Actor, Best Supporting Actress and Best Supporting Actor.*

A medley of one-minute excerpts will be performed by Best Actor and Best Actress nominees, from their leading role in their school production. Music for each medley should be submitted one week after your schools first performance.

Each school nominated for Best Musical will perform one ensemble production number from their school production (up to 35 students and no more than 5 minutes in length).

All participants must attend rehearsals during the week of May 4 – 11, 2019 and represent their school at the Awards. Schools and students will be given more specific times and dates of rehearsals closer to the event.
